

Amberwood

Galmpton
, Devon holidays
South West England

Phone: See website

Amberwood is a lovely 17th Century cob and thatch cottage that retains many of the original period features such as exposed beams and timbers. The cottage has been extended and upgraded over a number of years and now provides cosy and comfortable accommodation for family groups, friends or just a couple looking for a quiet retreat in a beautiful location. This thatchedcottage enjoys the benefit of oil fired central heating and hot water as well as a large wood-burning stove for winter breaks. Mainly carpeted throughout. Broadband internet and telephone (for incoming and local calls only) available. Strictly no smoking. * One well-behaved pet by arrangement.
