

Broad Downs Farmhouse

, Devon holidays
South West England

Phone: See website

Approached by a private lane, Broad Downs Farm was originally a traditional mixed Devon farmstead consisting of farm house, stables, stone barn and piggery. Set in a secluded location, surrounded by 22 acres of sheep pasture and meadow, with a small woodland area, natural pond and springs, the property includes large gardens and an outdoor swimming pool (shared with Broad Downs Barn). The farmhouse has been extensively renovated and updated by its present owners to create a large spacious property which can cater for extended holiday groups. A traditional farmhouse with contemporary living space incorporating high green oak beam ceilings, log burners, natural stone floors, all rooms command beautiful views of the surrounding countryside. Broad Downs is just a short 5 minute drive from the picturesque sailing town of Salcombe with its beaches, waterfront, shops and restaurants. Beautiful walks connect with miles of coastal paths at Bolberry Down leading to Salcombe, Soar Mill Cove, Hope Cove and Thurlestone, whilst Bantham Beach, popular with surfers from far and wide is just a 10 minute drive away. The location provides an ideal secluded country retreat away from the crowds ? the perfect base for exploring neighbouring coves and beaches and the market town of Kingsbridge (a 10 minute drive) and beyond to Dartmouth approximately half an hour away.
