

The Corner House

Main Road
, Devon holidays
South West England

Phone: See website

The Corner House and Westvale are two newly built luxury detached houses in a development close to the town and with easy access to local beaches and amenities. The properties each have pleasant country views and have been furnished and presented to a high standard in readiness for the 2009 summer season. Whilst each house offers an ideal base for a family holiday or luxury short break out of season, they may also suit larger families/groups looking for adjacent accommodation (sleeping up to 12 in total).
