A beautiful 19th century stone barn annexe adjacent to the owner's 17th century house providing delightful accommodation for two couples or a family. A very tastefully decorated and refurbished cottage retaining many of the original features including exposed beams and Inglenook fireplace. The main door leads into a lobby area with open pine staircase up to the first floor whilst on the ground floor there is mainly carpet throughout. Oil fired central heating and hot water. Regret no children under 5.
