The Stables is a detached, mainly stone barn in the pretty hamlet of Capton, an ideal base for a family or two couples looking to explore nearby Dittisham, Dartmouth and the South Hams. The house provides a good standard of accommodation and gardens in a lovely rural setting. Gas fired central heating and hot water. There are also family friendly benefits including travel cot, high chair, booster chair (straps onto a dining chair) stair gate for top of stairs off main living room, plastic beakers and cutlery. Regret no smokers.
