

Treetops

Bridleway Lane
, Devon holidays
South West England

Phone: See website

An extensive family property nestling in the woodland above North Sands with quick access to North and South Sands beaches, and within walking distance of central Salcombe. The house is surrounded by trees (hence the name!) offering a degree of seclusion, whilst still providing glimpses of the estuary from most of rooms. Treetops can sleep ten and has been the subject of considerable investment by the owners to bring the property to a high level of comfort with particular care taken to provide a 'home from home' with games and DVDs for those 'occasional' rainy days. Oil-fired central heating with hot water provided by immersion in the summer. Wireless broadband available on request.
