

The Penthouse (Woodside)

Apartment 1, Woodside, Bennett Road
, Devon holidays
South West England

Phone: See website

Woodside is a development of four delightfully presented apartments, equipped and furnished to a very high standard, with spectacular views over Salcombe estuary towards the beaches of East Portlemouth and Millbay, and out to sea across the 'bar'. The Penthouse and The Beach House have been extensively redesigned and refurbished during 2009 and are ideally suited to couples or families looking for luxury accommodation within easy access of Salcombe and the local amenities. The Woodside apartments share access to a small private beach and decking area (with individual lockers to store boating items, wetsuits, beach equipment etc.), and have a running mooring suitable for a boat/dinghy up to 11' in length (swinging moorings for boats up to 21' may be available by separate request). Each apartment has allocated parking for up to two cars.
