Our Dart Marina properties are situated on the edge of the River Dart in Dartmouth, one of the West Country's most sought after locations. Designed by award-winning architects, featuring many high-tech extras and stylishly finished, a short break or longer stay at Dart Marina offers the ultimate in luxury self-catering all year-round. With the properties boasting stunning water views plus most of the properties offering free use of the luxury Dart Marina health spa included, and the elegant River Restaurant, exciting Wildfire Bistro and first class yacht harbour all close by, enjoy the boutique hotel experience with the flexibility and freedom of a large, stylish holiday apartment. Picturesque Dartmouth, with its pretty, narrow streets offering art galleries, tea rooms and individual shops is just a short walk along the embankment and the town is gaining a reputation for its great choice of places to eat, with well known chefs in several restaurants. Just outside the town is an excellent golf course and the stunning unspoilt beaches and coastal paths of Start Bay are just a 10 minute drive away. Individually styled, oureight Dart Marina properties have all been very tastefully and creatively finished but vary slightly in terms of decoration, furnishings and layout. The main reception rooms have each been designed to maximise the views across the river and to the woods beyond. The apartments offer a spacious entrance hall and living accommodation, with large bathrooms on the same level. The townhouse (no. 26), formerly the show home, enjoys a private riverside terrace, whilst apartments offer a balcony, a large window seat or fabulous windows from which to enjoy the wonderful views. State-of-the art contemporary kitchens with Poggenphol units and Smeg appliances make self catering a pleasure, whilst bedrooms and living areas are luxuriously appointed with sumptuous soft furnishings. All properties are strictly non-smoking and no pets are allowed. A cot and highchair are available at each property, plus a portable stair gate at our townhouse, 26 Dart Marina, but due to the waterside location parents must supervise young children at all times.
