

6 Harbour Yard

Fore Street
, Devon holidays
South West England

Phone: See website

Harbour Yard is a delightful development of three houses and three apartments set in the very heart of the town (just off Fore Street). Each property has a parking space, use of a communal laundry area and some have limited estuary views from the upper floors. The apartments benefit from an open plan living arrangement of the upper floor comprising a lounge and dining area, and contemporary kitchen. They also benefit from a landscaped courtyard-cum-deck space. The superb town houses all have en suite master bedrooms and have been equipped to very high standards with fully fitted integrated kitchens. Each house has a small private decked area to the rear at second floor level. All properties are fully double-glazed and enjoy the benefits of full gas-fired central heating, hot water and air conditioning.
