

Broad Downs Barn

Broad Downs Farm
, Devon holidays
South West England

Phone: See website

Set within 22 acres of privately owned pasture land, Broad Downs Barn forms part of Broad Downs Farm dating from c1860 and consisting of the original farm house, stables, barn and piggery. Approached by its own private lane, the barn has been converted to the highest of standards whilst maintaining its original exterior integrity. Internally it provides spacious, luxury modern family holiday accommodation, contemporary design and technical specification. The barn is serviced by the latest 'Green' technology in terms of domestic heating and hot water by means of geothermal ground-source heat pumps, with low energy lighting throughout and incorporates environmentally sustainable waste management. STOP PRESS: Additional accommodation available from April 2010. The Piggery is a separate single storey annexe, sleeping four in two bedrooms (1 x double and 1 x 4' bunk beds) adjacent to Broad Downs Barn and Farmhouse - it is available exclusively to guests of the barn at an additional £500.00 per week (all seasons). For further details please contact the Salcombe office on (01548) 843773.
