Onedin House is a late 19th Century house on three levels offering a high standard of accommodation for two families or up to three couples. The property enjoys the benefit of a rear patio and lovely rear garden with a super view across to Kingswear and out to sea. The house was named by its recent owners, the leading actors of the famous 1970's television drama series The Onedin Line (Peter Gilmore and Anne Stallybrass) which was filmed in and around Dartmouth at that time. Gas fired central heating and hot water. Regret no pets. Strictly non smoking.
