The Retreat is a beautifully presented and luxurious cosy cottage over 3 levels offering completely renovated and refurbished accommodation fitted to the highest standard for a family or two couples (max 4 adults). The property has recently been refurbished and freshly decorated for the 2009 season. It enjoys the benefit of a stunning and surprisingly large decking area to the rear, taking in the sun at almost all times of the day. The cottage has been very cleverly reconstructed with new fixtures and fittings throughout and has many family friendly benefits including built-in stair gates, travel cot and highchair (see full list below). Thermostatically controlled gas-fired central heating and unlimited hot water. Regret no pets. Strictly non smoking.
